## Skills

Team Player  
Project Management  
Communication  
Multitasking  
Problem Solving

I stay on top of demands in fast-paced environments by effectively using slow periods. I am a reliable candidate who is ready to take on challenges in a position using problem-solving and task prioritization skills to help team succeed. I am currently a student working toward my BSc in Software Engineering and looking for an opportunity to begin my career in the field. Capable of identifying and quickly closing any knowledge gaps to offer value to my employer and team.

## Work History
